Personal Profile

ABOUT

Experienced and Results Driven Financial Analyst & I.T Professional bringing 9 Years' valuable industrial experience and passion for management with a proven track record of working collaboratively with team members to achieve goals.

1- As a Financial Analyst, I managed budgets and provided analysis and accounts support. I also reduced business expenses. As a result of my plans and policies, I reduced company expenses and controlled costs, resulting in the company's success. I also continuously assessed risks and warnings.

2- In my role as an I.T Professional, I worked to develop and deploy Oracle Customise ERP and Accounting & Finance Software, Mobile Applications, and Web Portals for Automation, Controls, and Real-Time analysis.
